Dear Tyler,

It's my second week in Lyon. There are lots of schools in the city centre, but I live in the suburbs, and go to a school there. One of my favourite subjects is French. We often use headphones to listen to songs and our teacher plays French films on his laptop. He says they're good to learn the French accent. Even the breaks are great here too. We all like them because there's a giant screen in the hall and loudspeakers. We often listen to our school radio station or watch music clips.

I've got many new friends in my class. I often work in a group with Mike and Aimé. We like doing projects together. After school we play board games or have a pizza.

There's a great school rock band. My friend Jason plays the guitar and Lisa, my sister, is a singer. They've got a concert tomorrow. I'm very excited because I really like rock music.

Please write soon.

Adam
