Maggie,
Are you free on Friday afternoon? Why don't we spend some time together?

I can show you a place where you can get these great T-shirts. They've got funny texts on them. Then we can go to this new music store in the city centre. I want to buy some CDs. Finally, we can go for a pizza. What do you think?

I love listening to music. My friends like the same thing, so on Saturdays we usually meet at my place. We switch on our favourite rock radio and sing along to our favourite songs. Sometimes we watch a concert on TV. My mum brings us some delicious sandwiches and snacks. Saturdays are so much fun.

I think it's important to know what is good for you. I like to cook, and I try to buy fresh products. The best place to buy them is the local market. They've got everything you want: vegetables, like organic beetroots and spinach, meat, even homemade bread.
